

E98 RESTYLING

E98 A2

The E98 President Restyling is an ergonomic and easy to use machine characterized by a neat and elegant design.

In order to increase safety and energy savings, the E98 President Restyling is equipped with a device able to mix the hot water from the boiler with the fresh water from the mains and with the boiler-filling device.

The electronics the automatic model is equipped with allows programming the exact coffee quantity into the cup.

The E98 President Restyling is available into the automatic and semi-automatic 2-group versions.
